2.0 AGREEMENT STRUCTURE

2.1 This entire agreement between the Parties (the “**Agreement**”) is comprised of this Master Agreement, Statement of Work (“**SOW**”), Service Level Agreement (“**SLA**”) and the “**Acceptable Use Policy** (“**AUP**”) are collectively referred to herein as the “**Attachments**”), and various other addenda and exhibits to each of the foregoing (the “**Addenda**”), provided that such Addenda specifically reference this Agreement and are executed by all Parties. For purposes of clarification, it is expressly anticipated that products and services may be added or removed through the

addition of Addenda, which will become a part of this Agreement when executed by all Parties.

2.2 In the event of a conflict between these General Terms and Conditions in this Master Agreement and any Attachment, the Attachment or Addenda shall prevail over those conflicting terms.

2.3 The Services delivered under this Master Agreement to State Agencies are governed by the General Contract Conditions of the State Term Contract for the State of Florida. In case of a conflict between this Master Agreement and the State Term Contract the State Term Contract shall prevail.

3.0 CONTRACT TERM AND SERVICE PERIOD

The “**Contract Term**” begins on the Effective Services Start Date of the first SOW executed and remains in effect until all SOW’s have expired, unless terminated earlier in accordance with the provisions hereof.

4.0 TERMINATION

4.1 If a Party fails to perform or observe any material term or condition of this Agreement and the failure continues unremedied for thirty (30) days after receipt of written notice, (i) the other Party may terminate any portion or all of this Agreement or (ii) where the failure is a non-payment by Customer of any charge when due, DSM may, at its option, terminate affected Attachments or Addenda, suspend Service under affected Attachments or Addenda, require a deposit under any or all Attachments or Addenda as a condition of continuing to provide Services and/or terminate this Agreement.

4.1.1 Termination Due to Lack of Funds: In the event funds to finance this Contract become unavailable or if County or State funds upon which this contract is dependent are withdrawn or redirected, Customer may terminate this Contract upon no less than twenty-four (24) hours’ notice in writing to Contractor. Said notification shall be delivered by certified mail, return receipt requested or in person with proof of delivery. Customer shall be the final authority as to the availability of funds and will not reallocate funds earmarked for this Contract to another program thus causing “**lack of funds**”. In the event of termination of this Contract under this provision, Contractor will be compensated for any work satisfactorily completed prior to notification of termination and no termination charges will be assessed.

4.1.2 Termination for Cause: Customer may terminate the Contract if Contractor fails to: (1) deliver the products or services within the time specified in the Contract or any extensions; (2) maintain adequate progress, thus endangering performance of Contract; (3) honor any term of the Contract; or fails to abide by any statutory, regulatory or licensing requirement.

4.2 Any portion or all of this Agreement may be terminated immediately upon written notice by either Party if the other Party: (i) has violated the other Party’s Marks (as defined below), (ii) becomes insolvent or involved in a liquidation or termination of its business, (iii) files a bankruptcy petition, (iv) has an involuntary bankruptcy petition filed against it (if not dismissed within thirty (30) days of filing), (v) becomes adjudicated bankrupt, (vi)

4.3 Customer shall be responsible for payment of all charges under a terminated Attachment or Addenda incurred as of the effective date of termination. Customer shall also be liable to DSM for Termination Charges (as that term is defined below), in the event that DSM terminates under Section 4.1 or 4.2, or if the Customer terminates this Agreement without authority to do so.

4.4 Termination by either Party of an Attachment or Addenda does not waive any other rights or remedies it may have under this Agreement.

4.5 Except as provided under Section 4.1, termination or suspension of an Attachment or Addenda shall not affect the Services provided or the rights and obligations of the parties under any other Attachment or Addenda.

4.6 Either Party may terminate this Agreement upon the expiration of the Contract Term, provided that the terminating Party provide written notice to the other Party at least 90 days prior to the expiration of the Contract Term. Notwithstanding the foregoing, Customer may terminate this Agreement during the Contract Term upon 90 days' prior written notice and the payment of any applicable Termination Charges.

4.7 The "Termination Charges" consist of: (1) 100% of the scheduled payments for each of the months remaining under the later to expire of the Term or the Contract Term, (2) all discounts, if any, received by Customer; and (3) any access facilities cancellation charges or other charges incurred by DSM as a result of such termination unless Termination is affected under paragraph 4.1.1, Lack of Funds.

4.8 Customer may alter services at any time during the Contract Term. All changes must be pre-approved by DSM, negotiated and executed in an SOW.

4.9 DSM, Intentionally Omitted

4.10 DSM may discontinue any service or sales order upon thirty (30) days written notice to the Customer. All such charges not previously due and payable shall be due and payable within thirty (30) days from the date shown on DSM's invoice.

5.0 PRICING AND BILLING

5.1 Customer shall pay DSM for its and Users' use of the Service at the rated charge specified in the Statement of Work, SOW, without deduction, setoff or delay for any reason including circumstances arising under any other Attachment or Addenda. Charges set forth in the Attachments or Addenda exclude any applicable taxes or user fees.

5.2 Customer shall pay all shipping charges, taxes (excluding those on DSM's income) and other similar charges (and any related interest and penalties) relating to the sale, transfer of ownership, installation, license, use or provision of the Services, except to the extent a valid tax exemption certificate is provided by Customer to DSM prior to the delivery of Services.

5.3 Payment is due within thirty (30) days after the date of invoice. Any invoice not paid by the due date, as specified in such invoice, shall be subject to a late charge at eighteen percent (18%) per annum or the highest rate allowed by Florida law. Customer hereby waives all privileges and rights available under Chapter 47, Florida Statutes relating to venue, as it now exists or may hereafter be amended including any right to forum non conveniens, and further agrees that venue of any action brought on any account of Customer shall be in the Courts of Polk County, Florida, exclusively. Customer waives any right to jury trial in any action brought in connection with any account of Customer. Customer agrees to provide written notice to DSM of any changes in the form of ownership of Customer's business within five (5) days of such change. In the event of default of any description, Customer agrees to pay all costs of collection, including reasonable attorney's fees incurred by DSM, whether involving litigation or not, whether incurred prior to or after entry of judgment or other relief for DSM. Restrictive endorsements or other statements on checks accepted by DSM will not apply. Customer shall reimburse DSM for all costs (including reasonable attorney fees) associated with collecting delinquent or dishonored payments.

5.4 Billing will begin on the Effective Services Start Date (as defined in the SOW or Addenda) and no less than 90 days after service is configured even if customer or customer provided data or other required facilities outside DSM's control are not ready. DSM will invoice in accordance with the State Term Contract at the Effective Services Start Date. Any non-recurring fees will be billed as incurred.

5.5 For Customers who elect to provide their own local access (baseline access), billing will begin on the Effective Services Start Date, independent of the Customer's actual activation date for local access.

5.6 Company reserves the right to levy cost adjustments to active contracts should the necessity arise due to resource shortages, such as fuel, electricity, or other outside factors beyond the control of the company, such as third party software license costs and other variable costs.

5.7 If Customer requires DSM to procure equipment, software, third party services or incurs setup and installation expenses, but delays the Effective Services Start Date more than 30 days, DSM reserves the right to issue progress billing to cover its costs until first services are commenced.

5.8 Cloud Service Billing –

(i) Minimum commit level is the consumption and price defined in the SOW. Monthly charges will start at the minimum commit level and increase or decrease based on actual use, but will not decrease below the minimum commit level.

(ii) All instances above agreed minimum commit levels will be billed in hourly increments at the existing monthly rate, i.e. monthly/730 for hourly rate. Instances are billed regardless of state (on or off). For billing to cease, they must be destroyed and removed from inventory. Powering down an instance has no billing impact.

(iii) The customer will be charged for all instances and snapshots. The billing on a given instance will cease at the originating time stamp of the customer's ticketed request for destruction.

5.9 Level Billing for Cloud Services- Customers selecting level billing for their Cloud Services will be able to burst up by 25% of their initial resource commitment during the first 12-month period without a change in the monthly charges. At the service anniversary date DSM will calculate the average annual consumption based on the 75th percentile of use and adjust the charge for the next 12-month period.

6.0 RESPONSIBILITIES OF THE PARTIES

6.1 DSM shall provide Services to Customer in accordance with this Agreement and the Attachments or Addenda. In an effort to improve the Services, DSM may, from time to time, modify the Services provided to Customer under any Attachment or Addenda.

6.2 Customer shall assure that its and Users' use of the Services and the Content will at all times comply with all applicable laws, regulations and written and electronic instructions for use (AUP). DSM reserves the right to terminate Attachments or Addenda, suspend affected Services and/or remove Customer or Users' Content from the Services if DSM determines that such use or Content does not conform to the requirements set forth in this Agreement or receives notice from anyone that Customer's or Users' use or Content may violate any laws or regulations. DSM's actions or inaction under this Section shall not constitute review or approval of Customer's or Users' use or Content.

6.3 DSM will purchase specific network access when the Customer and DSM agree to have DSM act as Customer's authorized agent for ordering and coordinating local access for use in conjunction with the Services.

6.4 DSM will not provide support directly to, nor interface with, any User. DSM may change the AUP upon thirty (30) days' notice to Customer.

6.6 To the extent deemed necessary by Customer, Customer shall implement security procedures and controls necessary to limit access to the Service to Customer's authorized Users and shall

maintain facilities and procedures external to the Service for reconstruction of lost or altered files, data or programs.

6.7 Customer is responsible for establishing designated Customer Points of Contact ("CPOCs") to interface with the DSM Customer Care Support center. Customer understands that the Services provided under this Agreement may require registrations and related administrative reports that are public in nature.

6.8 Except for internet protocol ("IP") addresses expressly registered in Customer's name, all IP addresses shall remain, at all times, property of DSM and shall be nontransferable and Customer shall have no right to use such IP addresses upon termination or expiration of this Agreement. IP addresses are allocated by DSM to Customer per the Internet Registry (ARIN) guidelines following RFC 2050. Any change requested by a Customer to the DSM allocated addresses must be agreed to in writing by the Parties.

6.9 DSM may, by Customer request, bundle third Party provider services with its Services. This may include services which are beyond the control of DSM. DSM expressly excludes any third party services from its SLA Warranties. A listing of all third party services utilized by DSM shall be made available to Customer upon request.

7.0 DISCLAIMERS AND LIMITATION OF LIABILITY

7.1 Products or services sold or provided under another agreement are governed solely by the terms of that agreement, including any warranties, guaranties, or other obligations of DSM under that agreement.

7.2 In addition to and without limitation of the provisions contained in this Agreement, DSM shall not be responsible for: (i) service impairments caused by acts within the control of customer, its agents, subcontractors, suppliers, licensees or users; (ii) the inability of customer or any user to access or interact with any other service providers, networks, users or informational or computing resources through the internet; (iii) interactions with third parties through the internet; or, (iv) performance impairments caused elsewhere on the internet.

provisions of articles 6 or 9, the other, party's right to proven direct damages;

This section 7.4(iv) shall not limit customer's responsibility for the payment of any and all properly due charges under this Agreement.

7.5 In no event shall either party be liable to the other party for any indirect, incidental, consequential, punitive, reliance or special damages, including without limitation, damages for lost profits, advantage, savings or revenues of any kind or increased cost of operations, whether or not such party has been advised of the possibility of such damages.

DSM does not warrant that the services will be uninterrupted or error-free, or that the services will meet customer's requirements or that the services will prevent unauthorized access by third parties. DSM does not authorize anyone to make a warranty of any kind on its behalf and customer should not rely on anyone making such statements.

7.8 The limitations of liability set forth in this article 7 and in any Attachment or Addenda shall apply: (i) regardless of the form of action, whether in contract, tort, and strict liability or otherwise; and (ii) whether or not damages were foreseeable. These limitations of liability shall survive failure of any exclusive remedies provided in this Agreement.

7.9 This Agreement does not expressly or implicitly provide any third party (including Users) with any remedy, claim, liability, and reimbursement, cause of action or other right or privilege.

8.0 PUBLICITY AND MARKS

8.1 No public statements or announcements relating to this Agreement shall be issued by either Party without the prior written consent of the other Party.

8.2 Each Party agrees not to display or use, in advertising or otherwise, any of the other Party's trade names, logos, trademarks, service marks or other indicia of origin (collectively "Marks") without the other Party's prior written consent, provided that such consent may be revoked at any time.

10.0 DISPUTE RESOLUTION

10.1 All disputes, controversies or claims, whether based in contract, tort, statute, fraud, misrepresentation or any other legal theory, arising out of or relating to this Agreement and the Services provided under this Agreement (collectively, "Disputes"), DSM and Customer recognize that disputes arising under this Agreement shall be submitted to non-binding mediation (the "Mediation") unless the DSM and Customer mutually agree otherwise. If the dispute is not resolved through Mediation, then the parties may take legal action subject to the other terms of this Agreement.

10.2 The Parties, their representatives and participants shall hold the existence, content and result of the Mediation in confidence, except to the limited extent necessary to enforce a final settlement agreement.

11.0 FORCE MAJEURE

DSM shall not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of DSM or its employees or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond DSM's control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to DSM. In case of any delay DSM believes is excusable, DSM shall notify the Customer in writing of the delay or potential delay and describe the cause of the delay either (1) within ten (10) days after the cause that creates or will create the delay first arose, if DSM could reasonably foresee that a delay could occur as a result, or (2) if delay is not reasonably foreseeable, within five (5) days after the date DSM first had reason to believe that a delay could result. **THE FOREGOING SHALL CONSTITUTE DSM'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY.** Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages, other than for an extension of time, shall be asserted against the Customer. DSM shall not be entitled to an increase in the Contract price or payment of any kind from the Customer for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist DSM shall perform at no increased cost, unless the Customer determines, in its sole discretion, that the delay will significantly impair the value of the Contract to the State or to Customers, in which case the Customer may (1) accept allocated performance or deliveries from the Contractor, provided that DSM grants preferential treatment to Customers with respect to products subjected to allocation, or (2) purchase from other sources (without recourse to and by DSM for the related costs and expenses) to replace all or part of the products that are the subject of the delay, which purchases may be deducted from the

Contract quantity, or (3) terminate the Contract in whole or in part.

12.0 INDEMNITY

12.1 DSM agrees to defend or settle, at its own expense, any claim or suit against Customer alleging that a Service furnished under this Agreement infringes any United States patent, trademark, copyright or trade secret, except where the claim or suit arises out of or results from: Customer's or User's Content in connection with the Service; modifications to the Service made by or combinations of the Service with services or products provided by Customer or others; DSM's adherence to Customer's written requirements; or, use of the Service in violation of this Agreement. Customer agrees to defend or settle, at its own expense and without prejudice to DSM or DSM's continued provisioning of the Service to Customer or others, all claims or suits against DSM covered by the exceptions in the preceding sentence and shall immediately cease any activity which gives rise to the alleged infringement. The indemnifying Party will also pay all damages and costs (including reasonable attorneys' fees) that by final judgment may be assessed against the indemnified Party due to infringement by the indemnifying Party.

12.2 In the event of a claim of infringement for which DSM is the indemnifying Party under Section 12.1, DSM may at its option either procure the right to continue using, or replace or modify, the alleged infringing Service so that the Service becomes non-infringing and substantially compliant with the requirements in the applicable Attachment. Upon inability to reasonably perform either of the foregoing options, DSM may terminate the affected Attachment, without liability other than as stated in Section 12.1.

12.3 DSM grants to Customer the right to permit Users to access and use the Services, provided that Customer shall remain solely responsible for the access and use by any User of the Services, and shall defend, indemnify and hold harmless DSM from and against all Damages, arising out of third party claims and regardless of the form of action, whether in contract, tort, strict liability or otherwise, concerning or relating to: any noncompliance by Customer or Users with any provision of this Agreement; negligent acts or omissions by Customer or Users; Customer's or Users' Content; or any Service failure, defect or outage. Customer's indemnification obligations do not apply to claims for Damages to real or tangible property or bodily injury or death negligently caused by DSM.

12.4 With respect to the indemnification obligations in this Article 12: (i) the indemnified Party will notify the indemnifying Party in writing promptly upon learning of any claim or suit for which indemnification may be sought, provided that failure to do so shall not affect the indemnity except to the extent the indemnifying Party is prejudiced thereby; (ii) the indemnifying Party shall have control of the defense or settlement, provided that the indemnified Party shall have the right to participate in such defense or settlement with counsel of its own selection and at its sole expense; and (iii) the indemnified Party shall reasonably cooperate with the defense, at the indemnifying Party's expense.

16.0 CRIMINAL JUSTICE INFORMATION SERVICES (CJIS)

DSM is providing CJIS compliant IT services in its Florida Data Centers. These services are subject to the CJIS Security Addendum, a uniform agreement approved by the US Attorney General that helps to ensure the security and confidentiality of CJIS required by the CJIS Security Policy. It also commits the hosting entity to maintain a security program consistent with federal and state laws, regulations, and standards, and limits the use of CJIS to the purposes for which a government agency provided it. Law enforcement and other government agencies in the United States must ensure that their use of IT services, including Cloud, for the transmission, storage, or processing of CJIS complies with the CJIS Security Policy, which establishes minimum security requirements and controls to safeguard CJIS.

In order to comply with CJIS Security Policies DSM will restrict physical access to the CJIS facilities to Customers and Vendors subject to the completion of Awareness training and background checks.
